

★
★ You are responsible for your clue. You may ★
★ read it to the group but you must always keep ★
★ it with you. ★

★ All clues are important – no one clue is more ★
★ important than another. Begin the “group ★
★ solution” by choosing one person to read first. ★
★ After finding the solution, the person to the ★
★ right of the person who read first should read ★
★ the first clue for the next “group solution.” And ★
★ so on... ★

★ Only the person reading the clue may move ★
★ the playing cards or pieces. ★

★ If you have a question, ask your group first. If ★
★ no one in your group can answer the ★
★ question, you should all raise your hands and ★
★ ask your teacher. ★

★ When you think you have found the “group ★
★ solution”, read all your clues again to make ★
★ sure that your group solution is correct. ★
