

Flower Book

Designed by: AccuCut Design Team

Key Concepts: , Environment, Journals, Literature, Spelling, Vocabulary, Writing

Grades: Pre-K to 6

Description:

Swing into spring, with this spin-page flower book, made using one of the die sets in AccuCut's book die series.

Curriculum: Language Arts, Science, Seasonal

Machines:

[MARK IV](#)
[Roller Die Cutting Machine](#)

AccuCut® Dies Used:

[Book - Flower \(2 Die Set\)](#)
[Book-Flower](#)
[\(2-Die Set\)](#)

Other Materials Used:

Scissors
Stickers or Marker
Colored Fastener
Glue
Multicolored Cardstock

Tips:

Use this flower book for journaling, creative writing, test taking, note taking--or even for gathering autographs!

Instructions:

1. Cut two like-colored flower-shaped covers.
2. Cut two more covers from different paper colors. Cutting along perforations with scissors, cut out inner flower from one color, and inner circle from another color.
3. Layer flower parts on top of front cover and adhere.
4. Cut plain or lined paper using inner page shape on flower die.
5. Line up covers and pages, then punch one hole in book's spine and insert colored fastener through hole.
6. Add title to book using sticker letters or handwriting.
